Dear Sir,

Hope this email finds you well and safe.

Recognizing that having online presence of a College not only provides greater visibility but is a necessity in today's digital age for building brand value, better projection and managing reputation of an institution, it is desired that -

1. every College of the University create a Twitter handle;
2. a responsible teacher be appointed as Nodal Officer by the College to manage its Twitter handle; and
3. every College share with the University the name and contact details of the Nodal Officer, which include his/her email id and mobile phone number which has whatsapp facility.

It will be highly appreciated if the above stated steps are taken up within a week's time.

We look forward to hearing from you in this regard.

Thanking you,

Yours sincerely,

Prof. K. Ratnabali  
Dy. Dean Coordination & Planning
