कुलसचिव

Registrar

No. RO/SEC/2023/R-4429
01st August, 2023

Dear Colleague,

As you are already aware, the University of Delhi has adopted the National Education Policy (NEP) – 2020 and implemented the same as Undergraduate Curriculum Framework (UGCF 2022) from the academic session 2022-2023.

As a part of UGCF 2022, Skill Enhancement Courses are an important component as they train the students with diverse employability skills, hands-on training, competencies and proficiency. A total of 122 courses are offered under various themes.

In order to implement the objectives of SECs, it is imperative to train the faculty and provide them with hands-on learning to ensure effective delivery of these courses. For this purpose, regular offline Faculty Development Programme (FDP) cum Training Programmes are being conducted by the University of Delhi and other academic institutions.

It is requested that to ensure smooth implementation of SECs, faculty members are nominated to attend these FDPs and training programmes on behalf of the college. The course fee, registration fee, accommodation fee (in case of outstation programmes) and other necessary charges may be paid by the college concerned.

Further, the associated non-teaching staff/laboratory staff/field staff of the college may also be nominated to attend these training programmes on the same terms as that of the faculty members.

With regards,

Yours sincerely,

REGISTRAR

All the Principals of the Colleges
